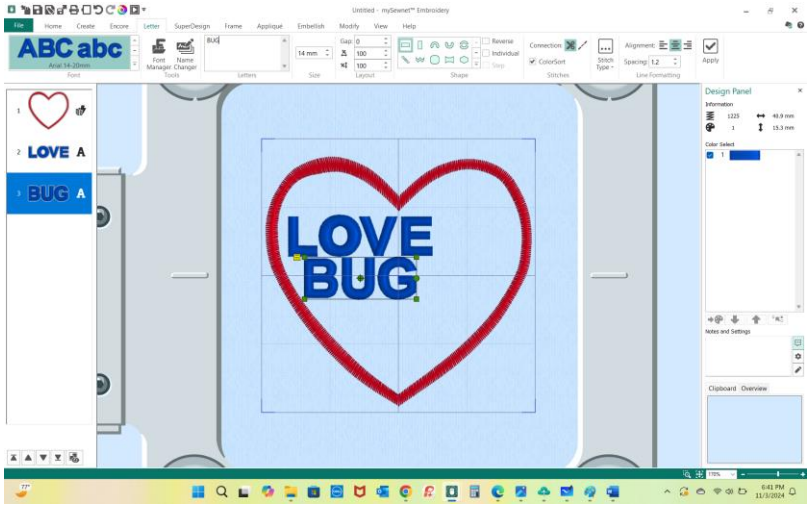
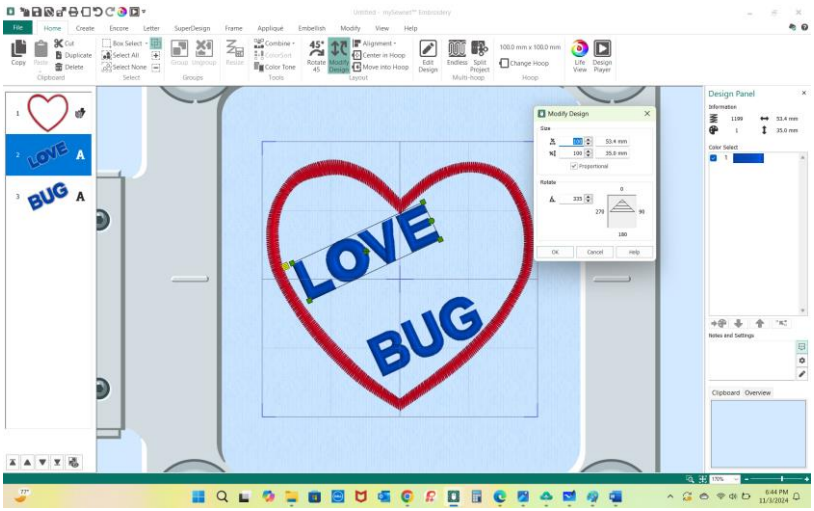
6. Click the Letter tab
7. Choose a font (we used Arial for our design),
   font size will depend upon font chosen we set our font size to 14 mm
   a. Don't forget you can edit Letter Properties once the saying is applied in the hoop.
8. Type in LOVE and click Apply
9. Type in BUG and click Apply



10. Move and rotate your lettering to fit within the design



11. There are several tools to help you rotate.
    a. On the home tab you can use Rotate 45
    b. When you left click and select the letter, the circle tool on the right hand side of the box will allow you to rotate the design.
    c. On the home tab, choose Modify Design and you can type in a specific degree of rotation.

Note: On this design, we used the circle tool to move the design to an appropriate rotation and then used the Modify Design to fine tune the degree of rotation. To make the second rotation match, we left clicked the design to choose it and then opened the Modify Design tool and typed in the same degree of rotation.
